

PACKING LIST ENVELOPES

PACKING LIST ENVELOPES

Product Description

JPPL Packing list envelopes are made of sturdy polyethylene film carrying required strength for the application. These are tear resistant to protect the important shipping documents from mishandling and protection from weather. These are coated with high strength hot melt adhesive, which ensures safe delivery of documents. JPPL is capable to produce multiple sizes and configuration including clear face or printed face with customizable design.

Product Features

1. High Strength Polyethylene.
2. Customizable Face Film Either Clear Or Printed.
3. Easy Peel Paper Backing For Faster Use.
4. High Strength Adhesive For Safe Handling.
5. OEM Options Available
