

JPPL

MILK FILMS

MILK POUCH FILM

Product Description

Milk film is made using specially formulated LDPE Film. As we know Milk requires an extra protection as it attracts more bacteria than water or any other form of liquid, so JPPL team manufactures superior quality, high yield film that is very convenient to use and is good for the milk inside. JPPL milk pouches are waterproof and durable and these are made from superior quality of raw material to give milk an extra life compared to conventional methods. It is printed with highly optimized inks for deep freeze application.

Features

- 1 It is cost efficient compared to old technique of packing.
- 2 Guaranteed, laboratory tested and proven material.
- 3 Durable, waterproof and hygienic to user.
- 4 Advanced technology compatible with all machines.
